

Treatment Chemistry Webinar Outline

8:00 to 9:20	Overview of Chemistry Used in Treatment Treatment Chemicals Safe Chemical Use & Storage Monitoring Chemical Reactions
9:20 to 9:35	Break
9:35 to 10:45	Metals Treatment Hydroxide Precipitation Sulfide Precipitation Chelators & Complexing Agents Co-precipitation
10:45 to 11:00	Break
11:00 to 12:00	Removal of Iron and Manganese Phosphorus Removal Chemistry Orthophosphates
12:00 to 1:00	Lunch
1:00 to 2:30	Busting Turbidities & Breaking Emulsions Destruction of Trace Organics Pesticides Color & Odor Treatment Chemistry
2:30 to 2:45	Break
2:45 to 3:45	Green Chemistry Chemical Troubleshooting
