

Required Equipment to do a Webinar

You need your own device. Acceptable devices are:

- Computer
- Tablet
- Phone (Android or iPhone)

You need to be able to hear me. Acceptable ways to listen are:

- Computer Speakers
- Headphones
- Earbuds
- Audio through Phone

You need internet:

- WiFi is fine, but use Ookla to test the strength of the WiFi where you will be doing the class before the day of the webinar.
- Ethernet is more stable
- Mobile Hot Spot or use phone as a device

Not required, but can be used to communicate:

- Microphone, but Teams has chat which allows one to interact without a microphone.

Not needed:

- You do not need a webcam. I ask everyone to turn their webcam off (except mine) to save bandwidth.
