

Dosing & Chemical Feed Webinar Outline

8:00 to 9:20	Chemical Feed Systems Chemical Pumping Hazards & Safety Containment & Storage Pumps, Lines, & Valves
9:20 to 9:35	Break
9:35 to 10:45	Common Feed Chemicals & Pitfalls Acids & Bases Oxidizing & Reducing Agents Coagulants & Polymers
10:45 to 11:00	Break
11:00 to 12:00	Determining the Dosage Jar Testing On-Line Monitoring Dosage Calculations
12:00 to 1:00	Lunch
1:00 to 2:30	Chemical Feed Pumps Advantages of Each Type Troubleshooting Maintenance & Calibration
2:30 to 2:45	Break
2:45 to 3:45	Automated Systems Under & Over Dosing Problems Sensors & Probes Mixers and Agitators
