

R.O. & Ion Exchange Webinar Outline

8:00 to 9:20	Membrane Separation vs Filtration Microfiltration & Ultrafiltration Applications & Membrane Materials Fouling Troubleshooting Osmosis
9:20 to 9:35	Break
9:35 to 10:45	Nanofiltration & Reverse Osmosis Applications & Membrane Materials Fouling Troubleshooting
10:45 to 11:00	Break
11:00 to 12:00	Reverse Osmosis Theory Dissolved Solids & Pressures Transmembrane Flux Configurations & Staging
12:00 to 1:00	Lunch
1:00 to 2:30	Ion Exchange Softening Cation Exchange & Anion Exchange Regeneration Troubleshooting Spent Regenerant Water
2:30 to 2:45	Break
2:45 to 3:45	Activated Carbon Carbon Types & Applications Interferences & Troubleshooting
